CRETAN TSIKOUDIA ASSYRTICO

Tsikoudia Assyrtiko is a product of traditional distillation and is produced exclusively from selected grape marc of the white variety Assyrtiko that is cultivated in our privately owned vineyards.

› DISTILLATION

The grape marc is distilled into traditional discontinuous pot stills in a slow process where only the heart of the distillate is collected.

› ORGANOLEPTIC CHARACTERISTICS

A distinctive distillate bright in appearance with the characteristic minerality of the variety dominating. Pleasant in taste with velvety aftertaste.

› CONTENT IN ALCOHOL

38% Vol

› PACKAGING

Glass bottle of 200ml & 500ml
